ABOUT ME

I feel confident in any situation. Always ready for change.

I achieve my goals..

I competently approach the allocation of resources to achieve the final result..

I love people who love their job and I believe that every person wants development..

I try to avoid stressful situations, but I also know the ways and stages of getting out of them..

I take responsibility for the work done..

In my spare time:..

- read the book "Perfect Code" .
- ride a bike;.
- walk around the city;.
- read comments on habr.com .

one of my qualities is the ability to organize a workflow.

What makes me different from others?.

- Perseverance and patience, I can easily do monotonous work.
- Responsibly approach the performance of any task, I complete all assigned tasks conscientiously.
- Fast learning, easily assimilate new information.
- I can listen and hear.
- I can work in a team and independently.
- Always in touch
